Until now we have supported almost 18 patients with a helping hand of around 8 lakhs for their treatments.

Shashavat, our Brave child who fought till his breath, is our strength to raise these helps and come forward with the treatment funds. He made us stand stronger like fighters to help for these tiny cheeks to smile again.

On the occasion of his birthday, Dated: '17th November', we are fortunate to sponsor pre-diagnostic treatment to 12 Paediatric Patients who are getting treated at Tata Memorial Hospital, Mumbai

All the 12 Kids are too sweet and we are committed to bring smiles on their faces. Our goal is to make their families stop worrying about the treatment expenses and should focus only on Patients .
